Kamla Foundation is a charity based and registered in the UK and operates and funds discrete programmes of work in India. We work with people who are on the margins of society; the poor, low-caste people, especially women, to help them build and sustain their individual, family and community livelihoods.

Through our programmes of work, we aim to enhance the general well-being of these communities and hopefully see many lives changed for the better. We have already helped dozens of women to learn a trade and earn an income in order to lift themselves out of poverty.

What we have achieved to date

- **Support three training centres by purchasing sewing machines**
- **Set up Micro Enterprise Training Projects**
- **Set up Revolving Seed Fund**
- **Set up a Resource Centre**
- **Sent a number of cloths/stationery and toy parcels**
- **Developing a Volunteer Programme**

For further information and contact details please visit the website:

www.kamlafoundation.org. Please note that 100% of funds go directly to the Foundation, there are no overheads as all organisers work on a voluntary basis.

If you feel you are able to make a contribution in any way please contact me at **info@kamlafoundation.org**. The Foundation gratefully welcomes any ideas and support.
